Strange C-Clip Axles

The Strange S/S C-CLIP axle is the newest addition to our S-Series axle line. The S/S c-clip axle is forged from the same material as all our other performance S-Series axles.

- **Manufactured from high strength steel**
- **Harder surface area than OEM- for improved bearing/axle life**
- **Deeper case hardening than OEM- for superior torsional strength**
 - **Fully ground bearing surface and radius**
 - **Drilled for 1/2-20 screw-in studs & OEM press-in studs**
 - **Fits OEM bearing**

Strange 8.8" Ford Mustang (Large) 31-spline C-Clip Axles

- P3110** Strange 31-spline 8.8" c-clip axle. Fits 94-98 OEM Mustang disc applications (pr)... **\$249.50**
