## 8.8" Ford Posi-Units, Lockers & Spools

**Detroit Lockers-** are an excellent choice for street/strip vehicles. Although lockers are noisier than posi-units, they are the strongest and most durable streetable carriers.

**Pro (Super Strength) Clutch Type Posi-Units-** offer a quieter alternative to lockers. One piece posi-units (Strange Super Strength) provide the strongest class of posi-units. One piece posi-units are pre-loaded heavier and have additional clutches compared to other posi-units. These posi-units utilize specially machined clutches, aircraft quality steel side gears and are ideal for performance street use. **Strange offers a special 33-spline (Strange) 8.8" Super Strength unit for serious street performance.** All Strange clutch type posi-units can be rebuilt.

**Cone type Posi-Units-** Pro Series cone type posi-units are a hi-bias differential design that delivers more torque, more traction, and faster engagement for controlled power transfer- ideal for changing load conditions.

**Strange Lightweight Spools-** Strange spools are used in a wide variety of race cars to replace heavier and weaker cast iron differential carriers. Spools permanently lock both axle shafts together so that both rear tires will always rotate at the same speed. Strange Pro Race Spools are the lightest on the market and are offered with Strange Pro Race axles at package saving prices (page 59). Strange Pro Race steel spools have a lifetime replacement policy.

**R542080** Fits Ford 8.8" ring gear (79-present/28-spline/all ratios). Pro-Series cone type (ea)... **\$389<sup>00</sup>**

**R542054** Fits Ford 8.8" ring gear (83-present/31-spline/all ratios). Pro-Series cone type (ea)... **\$399<sup>00</sup>**

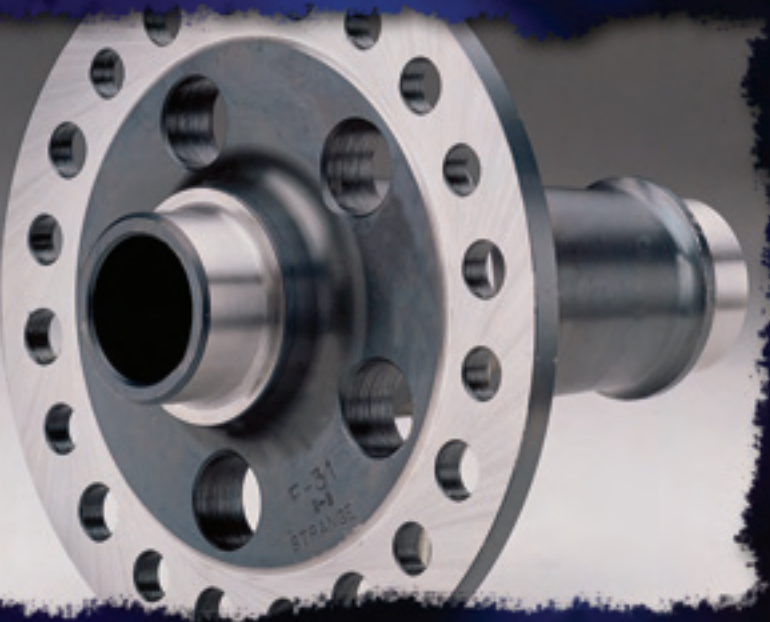

**N1865** Fits Ford 8.8" ring gear (83-present /31-spline/all ratios). Tractech Detroit Locker (each)... **\$649<sup>00</sup>**

**N1867** Fits Ford 8.8" ring gear (**33-spline Strange** /all ratios). Pro clutch type. Requires c-clip eliminator kit or replacement housing ends (each)... **\$469<sup>00</sup>**

**N1869** Fits Ford 8.8" ring gear (83-present/31-spline/all ratios). Pro clutch type (ea)... **\$439<sup>00</sup>**

**D1558** **Ford 8.8" 31-spline** application. Strange Lightweight Pro Race spool. Requires c-clip eliminator kit or replacement housing ends. **(8.80 lbs.)** (each)... **\$189.50**

**D1560** **Ford 8.8" 33-spline** application. Strange Lightweight Pro Race spool. Requires c-clip eliminator kit or replacement housing ends. **(8.45 lbs.)** (each)... **\$189.50**
