3.63"	8"	11.38"	9.20"	7.77"	5.51"	5.13"	4.89"

Altered Ultra

Vehicles that have traditionally relied on rigid dragster/altered spindles now have a better option. The Strange Altered Ultra Strut is a compact strut specifically **designed for altered and dragster applications.** The Altered Ultra is ideal for assisting weight transfer and adapting to less than perfect track conditions.

PSS280 Strange Altered Ultra Strut (externally adjustable) package w/springs, lower control arm kit and hardware.. \$1,600
